Release the biggest Cuda on the largest and dirtiest of jobs

The Cuda 7272 is the largest front-load parts washer in our entire product lineup. It features a turntable diameter of 72-inches, working height of 72-inches, and load capacity of 5000 lbs. The 7272 series is equipped with a 7.5 HP vertical seal-less pump producing 180 GPM at 40 PSI, and has a 160-gallon sump capacity. A variety of industries can benefit from a 72-inch diameter parts washer including oil and gas, heavy equipment industry (CAT), railroads, and large manufacturing.

Aqueous parts washers clean faster and better without using harmful solvents!

Cuda automatic parts washers provide a safe and efficient solution to cleaning parts because they don't use harmful cleaning solvents to clean. Our automatic parts washers also provide a time-saving, easy parts cleaning solution for your staff allowing them to simultaneously clean parts while performing other tasks.

1 Optional Dedicated Sump

- A part of the optional deluxe kit that functions completely independent of the main sump.
- Fill with any type of cleaning solution.

2 Compact Footprint

- Space saving roll-in door allows easy access to the wash chamber.
- Reduces footprint over other traditional parts washers.
- Roll-in door prevents wash solution from dripping on the shop floor.

3 Customize and Accessorize

- Customize your parts washer to your specific needs, like with this deluxe kit, so washing becomes the easiest part of the work day.

4 Detergents Extend Your Warranty

- The 90-day labor warranty for all Cuda Kärcher Group parts washers is automatically extended to a 1-year labor warranty with exclusive use of our solvent free detergents. Our parts washers are also covered by a 1-year parts warranty.
